

## Restaurant Guest Paging System

# GuestCall®

### Turn Tables Faster, Generate More Revenue

Turn waiting guests into happy customers with a GuestCall restaurant paging system. GuestCall notifies customers with a flash, beep or vibration the instant their table is ready. No need for long lines or noisy overhead systems. With GuestCall, you'll easily manage your guest flow and create a quieter and more inviting environment.

GuestCall helps you be more profitable by increasing your table turns and sales. Lightweight, convenient, digital pagers free customers to visit the bar or nearby areas for a more relaxing experience. You can also choose from several pager models that best fit your budget. With GuestCall, your staff will deliver faster, smoother, more customer-friendly service.

*GuestCall makes waiting a more enjoyable experience for customers.*

### GuestCall Highlights

- > **NEW Digital Coaster Pager\***  
Program pager numbers over the air in just seconds, freeing managers to manage the restaurant and not the paging system.
- > **Customer-Friendly Paging**  
Turns tables faster and creates a more peaceful atmosphere and increases sales.
- > **Anti-Theft Feature**  
Minimizes pager loss with an out-of-range alert.
- > **Most Reliable Pagers**  
Made from high-quality parts for the best performance in the industry.
- > **User-Replaceable Batteries**  
Battery replacement is easy and convenient, keeping the cost of ownership down.
- > **Smart Charging**  
Dramatically extends the life of pager batteries without overcharging them.
- > **Unique System ID**  
Prevents neighboring paging systems from interfering with communication in your restaurant.
- > **Flexible Integration**  
GuestCall integrates with table management software systems.
