Onsite Paging

Restaurant Guest Paging System

Reduce Noise, Improve Guest Flow and Increase Profits

Guest paging systems increase your profits by turning tables quicker and improving your guests' experience. Give waiting guests a GuestCall LTD pager so they are free to visit the bar or nearby areas for a more relaxing wait. Notify guests when their table is ready with a flash, or vibration—avoiding noisy overhead systems or your host searching for waiting guests.

GuestCall LTD helps you establish a commitment between your host and guest, reduce walk-aways, seat more people more quickly and deliver a smoother, more customer-friendly service.

GuestCall LTD makes waiting a more enjoyable experience for customers.

GuestCall LTD Highlights

- > **Customer-Friendly Paging**
Turns tables faster, creates a more peaceful atmosphere and increases sales.
- > **Anti-Theft Feature**
Minimizes pager loss with an out-of-range alert.
- > **Most Reliable Pagers**
Made from high-quality parts for the best performance in the industry.
- > **User-Replaceable Batteries**
Battery replacement is easy and convenient, keeping the cost of ownership down.
- > **Smart Charging**
Dramatically extends the life of pager batteries without overcharging them.
- > **Unique System ID**
Prevents neighboring paging systems from interfering with communication in your restaurant.

Need More in a Guest Paging System?

GuestCall IQ®

- > Exclusive, patent-pending renumbering system automatically renumbers pagers at the touch of a button
- > Built-in wait time estimator automatically calculates wait-time, eliminating the guesswork, creating greater confidence from guests
- > Track table status at a glance to improve customer service and table turns
- > Also integrates with table management software

GuestCall®

- > Flexible integration with table management software
- > Select the pager style that suits your needs

GuestCall LTD AIO

Same functionality as GuestCall, but in a smaller footprint All-In-One (AIO) format. The base station, battery charger and pagers are combined in one piece of equipment that holds up to 15 pagers.
