

Restaurant Paging System

Faster Table Turns, Better Customer Service

Now you can serve guests and turn tables faster with LiteCall restaurant paging system. You'll easily notify guests that their table is ready by showing their number on a large, digital display. No need for long lines or noisy overhead systems. With LiteCall, you'll manage your guest flow efficiently and provide a quieter, more friendly ambience.

LiteCall is a great solution for any type of restaurant, from fast-casual to high-end. For large restaurants with multiple lounges or bars, you can place LiteCall displays in each area for wider reach. Waterproof and durable, LiteCall is built to withstand the most rigorous environments and help your staff deliver better, faster service.

For faster service, LiteCall notifies guests when their table is ready via large digital displays.

LiteCall Highlights

- > **Customer-Friendly Paging**
Turns tables faster, eliminates long lines and provides quieter atmosphere.
- > **Super Visible Displays**
Quickly and easily inform guests that their table is ready.
- > **Affordable Solution**
