Onsite Paging

Retail Paging System

Keep Customers Shopping, Boost Sales and Service

Transform the customer's waiting experience into an enjoyable one with QuietCall retail paging system. QuietCall notifies customers with a flash, beep or vibrate the instant their order is ready or service is complete. Eliminate long lines and noisy overhead systems. QuietCall helps you be more profitable by giving customers the opportunity to shop while they wait.

Or Use QuietCall to page staff when a customer needs assistance or staff needs help from management. Cashiers page managers for change, approvals, or staff needs help with a customer.

With QuietCall, you'll easily manage your traffic flow and create a quieter, more inviting ambiance.

QuietCall silently notifies customers when their order is ready or a service is complete, freeing customers to shop while they wait.

QuietCall Highlights

- > **Customer-Friendly Paging**
Create a quieter environment while improving customer service.
- > **Smart Charging**
Dramatically extends the life of pager batteries without overcharging them.
- > **Anti-Theft Feature**
Minimizes pager loss with an out-of-range alert.
- > **Unique System ID**
Prevents neighboring paging systems from interfering with your communication.
- > **Most Reliable Pagers**
Are made from high-quality parts for the best performance in the industry.
- > **Increase Ad Opportunities**
Allow you to deliver unique messages or promotions to waiting customers.
- > **User-Replaceable Rechargeable Batteries**
Battery replacement is easy and convenient, keeping the cost of ownership down.
