Onsite Paging

## Paging System for Spas

### Smoother Spa Service, Increase Sales

Create the most relaxing environment possible for your clients with a QuietCall paging system. QuietCall silently notifies your staff with a flash or vibrate when the client is ready for a session. No need to worry about large crowds or noisy overhead systems. Your staff can also communicate with each other for consistent service.

QuietCall helps you to be more profitable by enhancing the spa experience and add-on sales. Lightweight, convenient pagers free clients to shop in your retail area or sundry store, or relax in the lounge. With QuietCall, your staff can communicate with each other more efficiently and quietly while delivering faster, smoother, more friendly service.

QuietCall silently informs staff members and clients when their session is about to begin—freeing clients to shop or relax in the lounge.

## QuietCall Highlights

### QuietCall LTD™ AIO

Same functionality as QuietCall, but in a smaller footprint All-In-One (AIO) format. The base station, battery charger and pagers are combined in one piece of equipment that holds up to 15 pagers.

- > **Client-Friendly Paging**  
Serves clients more efficiently, creates friendlier ambience and increases sales.
- > **Quiet Staff Communication**  
Keeps employees informed about clients' status and enables quieter communication among each other.
- > **Anti-Theft Feature**  
Minimizes pager loss with an out-of-range alert.
- > **Most Reliable Pagers**  
Are made from high-quality parts for the best performance and durability in the industry.
- > **User-Replaceable Rechargeable Batteries**  
Battery replacement is easy and convenient, keeping the cost of ownership down.
- > **Smart Charging**  
Dramatically extends the life of pager batteries without overcharging them.
- > **PC Paging Integration**  
Add PC paging to this system for expanded communication with staff and clients.
